**REVIEW OF OPERATIONS
FOR THE YEAR ENDED 30 JUNE 2019**

The Southern River Syndicate (the Syndicate) was registered by the Australian Securities and Investments Commission as a registered Managed Investment Scheme under the Corporations Act 2001 on 4th January 2006.

The Syndicate involves the subdivision of approximately 25.96 hectares of land, comprising 16 different land titles, into 386 lots.

The properties owned by the Syndicate were independently valued on the 11th July 2018 for \$12,130,000 excluding GST. The manager decided not to revalue the property this year to save costs.

The Syndicate has completed the sales and settlement of stages 1, 2, 3, 4, 5, 6 7a and. In stage 7 there remains 1 lot to sell.

Stage 8 for the construction of 53 lots achieved Practical Completion on 28th August 2017. These 53 lots have been priced to reflect the current economic conditions and are currently being promoted for sale. One lot is sold but remains conditional on finance.

The Syndicate manager is working through the cash flow requirements to assess whether a further distribution is possible before the end of this financial year. The next distribution will be dependent on the settlement of lots from Stage 8.

All the Syndicate debt including bonds has been repaid.

Stage 9 will not commence until the Syndicate has sold 80% of the lots in Stage 8.

Outlook

Future sales have been impacted by the continued lack of confidence in the market. The selling prices of the lots in this subdivision have been revised downwards to reflect the current market values in the nearby suburbs. Despite the reduction in prices and substantial incentives sales are averaging 1 to 2 per month.

Statistics show that sales of residential lots are running at about 1,000 per quarter currently down from a medium level of 3,500 per quarter. These numbers are reflected in our sales levels.

The state government has committed to build a primary school within the estate for the 2021 school year. Approval has been granted for a district shopping centre to be built on a site across Holmes Street on the corner of Southern River Road. All of these services should assist the marketing of the lots in the estate.

West Australian state government has recognised the difficult market conditions and has provided incentives through financing for first home owners. The reduction in interest rates and the commitment to new mines by various companies is likely to improve the market for lots.

**RESPONSIBLE ENTITY REPORT
FOR THE YEAR ENDED 30 JUNE 2019**

Report by Directors of the Responsible Entity

The Directors of Primary Securities Ltd (ABN 96 089 812 635), the Responsible Entity of Southern River Syndicate ("the Syndicate"), present their report together with the Financial Report of the Syndicate for the period ended 30 June 2019 and the auditor's report thereon.

Responsible Entity

Primary Securities Ltd ("the Responsible Entity") has been the responsible entity since 15 June 2012.

The Directors of Primary Securities Ltd in office at any time during or since the end of the period are:

Robert Garton Smith
Natasha Olsen appointed 16th October 2018
Ian Murchison resigned 8th March 2019
David Butterfield

The registered office of the Responsible Entity is 3 Shuffrey Street, Fremantle, WA 6160.

Principal Activities

The Syndicate is a registered managed investment scheme domiciled in Australia. The purpose of the Syndicate was to acquire 12 undeveloped lots in an area bounded by Southern River Road, Matison Road and Holmes Road, Southern River, Western Australia ('the property') and subdivide the property into predominantly residential lots with one commercial site over approximately eight stages to be progressively completed and sold over the next two years.

The Syndicate has no employees.

Operating Results

The Syndicate made a net profit of \$240,969 for the year ended 30 June 2019 (2018: net loss of \$138,160) from continuing operations.

There were no distributions paid or payable in respect of the financial period.

Review and results of operations

The review of operations for the year ended 30 June 2019 is discussed in the Review of Operations Report contained on page 2 of this report.

Units on Issue

The movement of the units on issue of the Syndicate for the year was as follows:

	2019	2018
Units on issue as at 30 June	20,200,000	20,200,000
Value of the Syndicate's net assets as at 30 June	\$8,692,948	\$8,451,979

The basis for the valuation of the Syndicate's assets is disclosed in Note 1 to the financial statements.

RESPONSIBLE ENTITY REPORT FOR THE YEAR ENDED 30 JUNE 2019

Interests of the Responsible Entity and Associates

The Responsible Entity and its associates did not hold any units in the Syndicate as at 30 June 2019.

Fees paid to the Responsible Entity

There were fees paid or payable to, Primary Securities Ltd (Responsible Entity) out of Syndicate property during the financial year. Upon the appointment of Primary Securities Ltd, Appian Properties Pty Ltd agreed to pay the Responsible Entity fees.

	2019	2018
	\$	\$
Appian Properties Pty Ltd	217,899	178,136

On the 12th November 2014 Appian Properties Pty Ltd assumed the role of supervisor from that date. Appian paid \$69,469 to Primary Securities Ltd from the fees above during the year 2019 and \$69,463 for 2018.

State of Affairs

The Syndicate was formed to purchase 12 undeveloped lots in an area bounded by Southern River Road, Matison Road and Holmes Road, Southern River, Western Australia. The initial funding for the Syndicate consisted of 13,000,000 \$1.00 units and a cash advance facility of \$4,921,500 with the National Australia Bank Limited. The Syndicate commenced operations on 21 December 2005.

The Syndicate had total assets with a book value of \$8,793,228 at 30 June 2019 (2018: \$9,160,442). The basis of valuation of the Syndicate's principal asset, land held for resale is detailed in note 1 (b) of the financial statements.

Proceedings on Behalf of a Company

No person has applied for leave of the Court to bring proceedings on behalf of the Responsible Entity or intervene in any proceedings to which the Responsible Entity is a party for the purpose of taking responsibility on behalf of the Responsible Entity for all or any part of those proceedings.

Events Subsequent to Balance Date

There are no matters or circumstances that have arisen since the end of the financial year which have significantly affected or may significantly affect the operations of the Syndicate, the results of those operations or the state of affairs of the Syndicate in subsequent financial years. Unless otherwise disclosed in the Annual Report.

Likely Developments

The Syndicate will continue to run and subdivide the Property. Of the total lots of 387, 330 lots have been developed and 296 settled with the balance of 91 lots expected to be developed and settled over the next two to three years.

Environmental Issues

The Syndicate's operations are not regulated by any significant environmental regulation under a law of the Commonwealth, State or Territory legislation.

The Syndicate's operations by their nature (land subdivision) have an impact on the local environment. Therefore, the Syndicate obtains all required legal and environmental approvals prior to the commencement of any works which may impact the environment.

Indemnities and insurance premiums for Officers or Auditor

During or since the end of the financial period no insurance premiums have been paid out of the Syndicate's assets in relation to insurance cover for the Responsible Entity, its officers and employees, the Compliance Committee or auditors of the Syndicate.

Under the Constitution the Responsible Entity, including its directors and officers, is entitled to be indemnified out of the Syndicate's assets for any loss, damage, expense or other liability, incurred by it in properly performing or exercising any of its powers, duties or rights in relation to the Syndicate. This right of indemnity does not apply to the extent any loss, damage or costs are attributable to a breach of trust where the Responsible Entity failed to show the degree of care and diligence required of a trustee.

The Responsible Entity has made an agreement to indemnify all its the directors and executive officers for liabilities incurred as an officer or director. The insurance contract specifically prohibits disclosure of the nature of the insured liabilities and of the premium in respect of this policy.

Auditor's Independence Declaration

The auditor's independence declaration for the period ended 30 June 2019 has been received and can be found on page 28 of the financial report.

Signed in accordance with a resolution of the Board of Directors of Primary Securities Ltd.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The Syndicate is a registered managed investment scheme under the *Corporations Act 2001*. The Financial Report of the Syndicate is for the year ended 30 June 2019.

Basis of Preparation

The Southern River Syndicate is a registered managed investment scheme established and domiciled in Australia.

The Financial Report is a general purpose financial report prepared in accordance with Accounting Standards, Australian Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

The Syndicate is a for-profit entity for reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report, except for cash flow information, has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Unitholders funds have been shown as equity rather than a financial liability following the amendment to the Syndicates Constitution, giving the Syndicate an indefinite useful life. The funds ceased to satisfy the definition of a financial liability under AASB 132 Financial Instruments: Presentation and have been classified as an equity investment in the financial statements.

The financial statements were authorised for issue on 23rd September 2019 by the directors of the Responsible Entity.

Statement of Compliance

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards ('AIFRS'). Compliance with AIFRS ensures that the financial report, comprising of the financial statements and notes thereto, complies with International Financial Reporting Standards.

The following is a summary of the significant accounting policies adopted by the Syndicate in the preparation of the Financial Report.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Accounting Policies

a) Acquisitions of Development Property

The acquisition cost of development property represents the contract purchase price of the property, including non-recoverable GST (if any) calculated under the margin scheme, plus the additional costs associated with the acquisition, including stamp duty and legal fees.

b) Inventory of Development Property

AASB 102 "Inventories" prescribes the measurement of inventories (including development property for sale), including the amount to be initially recognised as an asset in the Statement of Financial Position and later recognised as an expense in the Statement of Profit or Loss & Other Comprehensive Income.

Inventories are measured at the lower of cost or net realisable value on an item by item basis. Net realisable value is the net amount an entity expects to realise from the sale of inventory in the ordinary course of business, after selling costs.

The costs of inventories includes the cost of acquisition, development and holding costs such as borrowing costs, rates and taxes until the point of time that the property is ready for sale. Borrowing costs and other holding costs incurred after completion of development are expensed.

Upon sale of an item of inventory the carrying amount of that item is recognised as an expense in the Statement of Profit or Loss & Other Comprehensive Income in the period in which the related revenue is recognised.

Inventories are treated as current when they are finished goods, or when lots are expected to settle within 12 months from the reporting date. All other inventories are classified as non-current.

c) Sales of Development Property

Sale income is recorded when the legal title of the property lot is transferred to the buyer at settlement net of the amount of goods and services tax ("GST") levied. The amount of GST payable is calculated by using the margin scheme. The margin scheme calculates GST on the difference between the selling price and the original purchase price.

d) Other income

Interest income is recognised in the Statement of Profit or Loss & Other Comprehensive Income using the effective interest rate method.

Other income is recognised on an accruals basis, which is when the Syndicate becomes entitled to receive it.

All revenue is stated net of the amount of goods and services tax (GST).

ARSN 117 661 971

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019**

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

e) Goods and Services Tax ('GST')

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office ('ATO'). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables are shown inclusive of GST. The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities, which are recoverable from, or payable to, the ATO are classified as operating cash flows. Refer to Note 1(l) for the accounting policy in relation to Margin Scheme.

f) Financial instruments

Financial instruments are initially measured at fair value on transaction date, which includes transactions costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below:

Financial assets

Financial assets are assets that arise from contractual agreements on future cash flows or from owning equity instruments of another entity. The accounting policies adopted for specific financial assets are set out below.

Financial liabilities and equity

Financial liabilities and equity instruments issued by the Syndicate are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Bank borrowings

Interest-bearing bank loans are initially recognised at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

g) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

h) Impairment of assets

At each reporting date, the Responsible Entity reviews the carrying values of its assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the carrying value over its recoverable amount is expensed to the Statement of Profit or Loss & Other Comprehensive Income.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019**

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

i) Finance costs

Finance costs – distribution to unit holders, represents amounts distributed to unit holders based upon their unit holding during the financial year and are recognised when a distribution is declared by the Syndicate.

Finance costs (excluding distributions to unit holders), are recognised using the effective interest rate applicable to the respective financial liability.

j) Distributions and taxation

The Syndicate is a unit trust and will therefore be taxed as a company. Its income after tax (including assessable realised capital gains) will be distributed in full to the unit holders.

The Syndicate will fully distribute its income in accordance with the Syndicate constitution and applicable taxation legislation, to the unit holders who are presently entitled to the income under the constitution.

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability. Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (a) a legally enforceable right of set-off exists; and (b) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

k) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

l) Margin Scheme

The margin scheme is an alternative method of calculating the GST payable on sales of real property, it allows sellers of real property to pay GST equal to one-eleventh of the 'margin' rather than one-eleventh of the total sale price. The 'margin' is calculated as the difference between the sale price and the amount the seller paid for the property. Refer to Note 1(e) for the accounting policy in relation to Goods and Services Tax ("GST").

m) Management and Agent fees

Management fees are calculated as 6% of the sales price (net of GST). Agent fees are calculated as 3% of the sales price (net of GST).

n) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the consolidated entity's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

o) Foreign currency translation

The financial statements are presented in Australian dollars, which is the Syndicate's functional and presentation currency.

p) New or Amended Accounting Standards and Interpretations adopted

The Syndicate has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019**

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

p) New or Amended Accounting Standards and Interpretations adopted (cont'd)

AASB 9 Financial Instruments – Impact of Adoption

AASB 9 replaces the provisions of AASB 139 that relate to the recognitions, classification and measurement of financial assets and financial liabilities, derecognition of financial instruments, impairment of financial assets and hedge accounting.

The adoption of AASB 9 from 1 July 2018 resulted in no material changes in accounting policies and no material adjustments to the amounts recognised in the financial statements. The Syndicate assessed which business models apply to the financial assets held by the Syndicate and has classified its financial instruments into the appropriate AASB 9 categories.

The adoption of the Expected Credit Loss model to recognise an impairment allowance for financial assets resulted in no material changes to the amounts recognised in the financial statements.

AASB 15 Revenue from Contracts with Customers

The Syndicate has adopted AASB 15 from 1 July 2018. The standard provides a single comprehensive model for revenue recognition. The core principle of the standard is that an entity shall recognise revenue to depict the transfer of promised goods or services to customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard introduced a new contract-based revenue recognition model with a measurement approach that is based on an allocation of the transaction price.

The adoption of the standard had no material impact to the amounts recognised in the financial statements.

q) New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Syndicate for the annual reporting period ended 30 June 2019. The Syndicate's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the Syndicate, are set out below.

AASB 16 Leases

This standard is applicable to annual reporting periods beginning on or after 1 January 2019. The standard replaces AASB 117 'Leases' and for lessees will eliminate the classifications of operating leases and finance leases. Subject to exceptions, a 'right-of-use' asset will be capitalised in the statement of financial position, measured as the present value of the unavoidable future lease payments to be made over the lease term. The exceptions relate to short-term leases of 12 months or less and leases of low-value assets (such as personal computers and small office furniture) where an accounting policy choice exists whereby either a 'right-of-use' asset is recognised or lease payments are expensed to profit or loss as incurred. A liability corresponding to the capitalised lease will also be recognised, adjusted for lease prepayments, lease incentives received, initial direct costs incurred and an estimate of any future restoration, removal or dismantling costs. Straight-line operating lease expense recognition will be replaced with a depreciation charge for the leased asset (included in operating costs) and an interest expense on the recognised lease liability (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under AASB 16 will be higher when compared to lease expenses under AASB 117. However EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation) results will be improved as the operating expense is replaced by interest expense and depreciation in profit or loss under AASB 16. For classification within the statement of cash flows, the lease payments will be separated into both a principal (financing activities) and interest (either operating or financing

activities) component. For lessor accounting, the standard does not substantially change how a lessor accounts for leases.

The Syndicate will adopt this standard from 1 July 2019, but the adoption of the standard will not have a material impact of the financial results of the Syndicate.

r) Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

Classification of inventories

The classification of inventories requires a degree of estimation and judgement. The level of the inventory to be classified as current assets is assessed by taking into account the contracted sales which were not yet settled at the year-end, recent sales experience, market conditions and the number of lots available for sale.

15. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Financial instruments of the Syndicate comprise of cash and cash equivalents, net assets attributed to unit holders, and other financial instruments such as trade debtors and creditors, which arise directly from operations.

The Syndicate is exposed to interest rate risk, credit risk and liquidity risk arising from financial instruments it holds. The Syndicate's overall risk management program seeks to minimise potential adverse effects on the distributable earnings of the Syndicate and are managed through a process of ongoing identification, measurement and monitoring.

The risk management policies adopted by the Syndicate to manage these risks are discussed as follows:

a) Interest Rate Risk

The Syndicate's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and financial liabilities, is as follows:

	Weighted Average Effective Interest Rate %pa	Floating Interest Rate \$	Fixed interest maturing in or re priced at			Non- Interest Bearing \$	Total \$

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019**

15. FINANCIAL INSTRUMENTS AND RISKS MANAGEMENT (cont'd)

b) Credit Risk

Credit risk arises from the potential failure of counterparties to meet their obligations under the financial contracts. The Syndicate is exposed to credit risks on its cash balance, receivables and financial assets. The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount, net of any provisions for doubtful debts of those assets, as disclosed in the Statement of Financial Position and notes to the financial statements.

Concentrations of credit risk are minimized primarily by:

- Ensuring counterparties, together with the respective credit limits, are approved; and
- Cash and cash equivalents are held with high credit quality financial institutions.

As such, the Syndicate does not have a concentration of credit risk that arises from an exposure to a single counterparty. Furthermore, the Syndicate does not have a material exposure to a group of counterparties, which are expected to be affected similarly by changes in economic or other conditions.

c) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. The instruments entered into by the Syndicate were selected to ensure sufficient funds would be available to meet the ongoing cash requirement of the Syndicate.

d) Trade and other payable are expected to be paid as follows:

	2019	2018
	\$	\$
Less than 6 months	19,341	94,376
6 months to 1 year	-	-
1 year to 5 years	-	-
Over 5 years	-	-
	<u>19,341</u>	<u>94,376</u>

e) Sensitivity Analysis

The Syndicate has performed a sensitivity analysis relating to its exposure to interest rate risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change in these risks.

Interest Rate Sensitivity Analysis:

At 30 June 2019, there would be no effect on profit and equity as a result of changes in the interest rates. This is because all interest incurred is capitalised to inventory.

f) Market Risk

The Syndicate has exposure to movement in land prices and this creates a market risk. Market risk is managed through the Syndicate's ability to commence and defer the stages of the development in order to optimize the return to unit holders.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2019****16. CAPITAL MANAGEMENT**

The Directors of the Responsible Entity control the capital of the Syndicate in order to maintain a good debt-to-equity ratio and to ensure that the Syndicate can fund its operations and continue as a going concern.

The Syndicate's debt and capital includes financial liabilities, supported by financial assets.

The directors manage the Syndicate's capital by assessing the Syndicate's financial risks and adjusting its capital structure in response to changes in these risks and in the market. This includes the management of debt levels.

The gearing ratios are as follows:

	Notes	2019 \$	2018 \$

The Responsible Entity of the Southern River Syndicate is Primary Securities Ltd (ABN 96 089 812 635).

(a) Remuneration of Directors and Key Management Personnel

The Syndicate does not employ personnel in its own right. However, it is required to have an incorporated Responsible Entity to manage the activities of the Syndicate. The directors and executives of the Responsible Entity are the Key Management Personnel ('KMP').

The Directors and Executives of the Responsible Entity are KMP of that entity and their names are:

Robert Garton Smith
Natasha Olsen appointed 16th October 2018
Ian Murchison resigned 8th March 2019
David Butterfield

No compensation is paid directly by the Syndicate to directors or to any of the KMPs of the Responsible Entity.

Since the end of the financial year, no KMP of the Responsible Entity have received or become entitled to any benefit because of a contract made by the Responsible Entity a KMP, or with a firm of which the KMP is a member, or with an Entity in which the KMP has a substantial interest.

Loans Key Management Personnel of the Responsible Entity

The Syndicate has not made, guaranteed or secured, directly or indirectly, any loans to the Directors and KMP or their personally-related entities at any time during the reporting period.

Other Transactions with Key Management Personnel of the Responsible Entity

From time to time KMP or their personally-related entities may buy or sell units in the Syndicate. These transactions are subject to the same terms and conditions as those entered into by other Syndicate investors.

Apart from those details disclosed in this note, no KMP has entered into a contract for services with the Responsible Entity and there were no contracts involving KMP subsisting at end of period.

INDEPENDENT AUDITOR'S REPORT TO THE UNIT HOLDERS OF SOUTHERN RIVER SYNDICATE

Opinion

We have audited the financial report of Southern River Syndicate (the Syndicate), which comprises the statement of financial position as at 30 June 2019, the statement of profit or loss and other comprehensive income, the statement of changes in net assets attributable to unitholders and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration of the Responsible Entity for the Syndicate.

In our opinion, the financial report of the Southern River Syndicate is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Syndicate's financial position as at 30 June 2019 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Syndicate in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Directors for the Financial Report

The directors of the Responsible Entity, Primary Securities Limited, are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Syndicate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Syndicate or to cease operations, or have no realistic alternative but to do so.

The title 'Partner' conveys that the person is a senior member within their respective division, and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is the Crowe Australasia external audit division. Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Syndicate's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Syndicate's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Syndicate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.
